RocketToons Episode Idea Bank

30 ready-to-paste story prompts for kids' channels, faith content and Shorts — written for RocketToons AI's one-line workflow.

Kids' Channel Prompts (10)

- The dragon who was afraid of the dark learns to love the stars
- A robot chef opens a restaurant for forest animals
- Two siblings build a cardboard rocket and visit the Moon
- The lost baby penguin finds the way home
- A kind giant helps a village fix its broken bridge
- The singing frog who lost his voice before the big show
- A tiny seed grows into the tallest tree in the forest
- The cat detective solves the mystery of the missing cookies
- A young wizard practices one spell too many
- The lighthouse keeper and the friendly whale

Faith & Bible Story Prompts (10)

- Noah builds the ark and gathers the animals two by two
- David faces Goliath with faith and a sling
- Moses leads his people through the parted sea
- Jonah and the great fish — a story about second chances
- The Good Samaritan helps a stranger on the road
- Daniel stays brave in the lions' den
- The lost sheep is found by the caring shepherd
- Joseph and his coat of many colors
- The walls of Jericho fall with a shout and a trumpet
- A small boy shares his loaves and fishes with a crowd

Shorts & Reels Prompts (10)

- 60-second cartoon: the funniest day at animal school
- A day in the life of a superhero's sidekick
- Three wishes — and the last one fixes everything
- The snowman who wanted to see summer
- A pirate parrot learns to share the treasure map
- The race between the tortoise and the very fast scooter
- Grandma's garden gnome comes alive at night
- A little cloud learns how to make rainbows
- The brave tooth fairy on her first night shift

- A talking backpack goes on its first school trip

How to Use These Prompts

Paste any line straight into RocketToons AI as your starting idea. Add one detail before you generate — a name, a place, or a lesson — and the same prompt becomes a brand-new episode. Keep a list of the prompts that perform best and turn the winner into a series; series are what turn one video into a channel.
