Telegram Store Announcement Pack

10 copy-paste promotional posts for your TeleCash AI store — fill in the brackets, post, and let the bot handle the orders.

How to Use These

Post 2–3 per week maximum in your own channel — Telegram audiences punish spam faster than any algorithm. Always pair a promo post with two useful, non-selling posts.

The 10 Posts

- 1. LAUNCH: "My store is live inside Telegram. No website, no checkout pages — browse and buy right here in the chat: [STORE LINK]"
- 2. PRODUCT SPOTLIGHT: "New in the store: [PRODUCT] — [ONE-LINE BENEFIT]. Instant delivery after payment: [LINK]"
- 3. PROBLEM POST: "Still [PAINFUL TASK] the slow way? This [PRODUCT TYPE] does it in [TIME]. Details in my store: [LINK]"
- 4. HONEST OFFER: "I keep prices low because there is no website to pay for. Everything in the store is [PRICE RANGE], delivered instantly: [LINK]"
- 5. REQUEST A REVIEW: "Bought something from my store? Reply here with your honest take — I read every one and improve the products weekly."
- 6. FLASH SALE: "48 hours: [X]% off [PRODUCT] with code [CODE]. After that it goes back to normal price: [LINK]"
- 7. FAQ POST: "How it works: tap the product, pay in the chat (PayPal/Stripe), the file arrives instantly. Questions? Just reply here."
- 8. CROSS-PROMO: "[PARTNER CHANNEL] and I stocked each other's shelves this week. Their best [PRODUCT] is in my store too: [LINK]"
- 9. BEHIND THE SCENES: "Building today's product with AI, then editing it by hand — because quality is my name on it. Sneak peek: [IMAGE]"
- 10. LAST CALL: "[PRODUCT] leaves the store on [DATE] to make room for new stock. Last chance at this price: [LINK]"
