KDP Puzzle Book QA Checklist

The pre-publish check that protects your KDP account

Content Checks

- ■ Solve at least 10% of the puzzles yourself, start to finish.
- ■ Match every solved puzzle against the answer key.
- ■ Confirm the Final Code matches the reveal page.
- ■ Search the PDF for leftover placeholder text or wrong names.
- ■ Check page count sits inside your 24–120 page plan.

Print Checks

- ■ Trim size in the PDF matches the KDP listing exactly.
- ■ Margins and bleed set for print, no text near the cut line.
- ■ Order a physical proof copy before heavy promotion.
- ■ Solve one full puzzle from the printed proof — ink and size matter.

Listing Checks

- ■ Title and subtitle state the personalization angle honestly.
- ■ Description promises only what the book actually contains.
- ■ A+ content shows a real interior page, not only the cover.
