30-Day Social Content Starter Pack

A PickZox bonus for AmzFlow AI Pro buyers — one Amazon product post a day for 30 days.

Week 1 — Learn the rhythm (1 product, 1 platform a day)

Pick one winning product and post it on a different platform each day. Learn which platform your audience answers on.

- Day 1 — Facebook: problem / solution post for your best product.
- Day 2 — Instagram: lifestyle caption with link in bio.
- Day 3 — Pinterest: pin title and description with keywords.
- Day 4 — X: one short hook post under 280 characters.
- Day 5 — TikTok: hook plus a 3-shot video plan.
- Day 6 — Facebook: social proof post using the rating and review count.
- Day 7 — Rest and review: which post got the most clicks? Repeat that format.

Week 2 — Three angles, one product

Take your best Week 1 product and write all 3 variants for your 2 best platforms.

- Day 8 — Problem / solution variant on your top platform.
- Day 9 — Social proof variant on your top platform.
- Day 10 — Gift idea variant on your top platform.
- Day 11 — Same 3 angles on your second platform.
- Day 12 — New product: score it with the checklist, then post once.
- Day 13 — Repost your best Week 1 post with a fresh first line.
- Day 14 — Review: which angle won? Keep it as your default opener.

Week 3 — Two products, five platforms

You now know your best platform and your best angle. Scale to two products.

- Day 15 — Product A on Facebook and Instagram.
- Day 16 — Product A on Pinterest, X, and TikTok.
- Day 17 — Product B on Facebook and Instagram.
- Day 18 — Product B on Pinterest, X, and TikTok.
- Day 19 — A comparison post: Product A vs Product B.
- Day 20 — A gift-idea post for the product with the best rating.
- Day 21 — Review: which product earned more clicks?

Week 4 — Repeat what works

Double down on winners. Drop losers. Build a small library in Google Docs.

- Day 22 — Re-run your single best post of the month with new images.
- Day 23 — New product in the same category as your winner.
- Day 24 — A seasonal or timely angle for your winner.
- Day 25 — A value post: why this product is worth its price.
- Day 26 — A second comparison post in a new category.
- Day 27 — Post your best product on all 5 platforms in one day.
- Day 28 — Audit your Google Docs library: tag your 5 best posts.
- Day 29 — Plan next month: 4 products, 1 per week.
- Day 30 — Publish your month's winner once more and celebrate the habit.

Golden rules for all 30 days

These rules keep your account safe and your audience trusting you.

- Always add #ad and your affiliate disclosure.
- Never claim you use a product you have not used.
- Never state a price in the post — prices change.
- One product per post. One clear call to action.
- Save every post to Google Docs before you publish it.
- Post consistently. One good post a day beats ten rushed ones.
