AI Image Prompts for Party Printables

60 copy-paste prompts for ChatGPT, Midjourney & image generators — a Pickzox bonus for PartyPalette buyers

How to use: copy a prompt, replace the [THEME] and [COLOURS] with your party's theme, and generate. Keep the style words identical across every prompt in one party so all pieces match. Save each prompt you use — you will need them again for thank-you cards.

Invitation Backgrounds

“Cute [THEME] birthday invitation background, flat vector style, [COLOURS], empty space in the center for text, no words, cheerful”

“[THEME] party invitation backdrop, soft watercolor [COLOURS], balloons and confetti border, blank middle area, no text”
