Self-Help PLR Quick-Start Checklist

Your step-by-step launch plan for From Ambition To Action PLR.

Use this checklist to take From Ambition To Action PLR from download to first sale. Work through it in order. Tick each box as you finish it.

Step 1: Rebrand the Core Product

- ■ Open the blueprint document and replace the title with your own product name.
- ■ Put your name on the cover as the author, using the layered PSD cover files.
- ■ Read the guide once, end to end, and fix any wording that does not sound like you.
- ■ Add one short example from your own audience to each chapter exercise.
- ■ Save the finished guide as a PDF and a DOC, ready for buyers to download.

Step 2: Set Up the Sales Pages

- ■ Add your buy button and your name to the ready-made sales page.
- ■ Check the thank-you page links to the correct download file.
- ■ Test the full checkout flow yourself before you send any traffic.
- ■ Add the video sales letter to the sales page, or cut it into short clips for social media.

Step 3: Build Your List With the Lead Magnet

- ■ Connect the opt-in page to your email service.
- ■ Offer the 7-Day Challenge report as your free lead magnet.
- ■ Load the follow-up email swipes into your autoresponder as a sequence.
- ■ Add one personal story to the second email so the sequence sounds like you.

Step 4: Launch and Promote

- ■ Set your resell price and write it on the sales page.
- ■ Share the lead magnet on your blog, Pinterest, and social channels.
- ■ Send one email to your list on launch day, and one follow-up three days later.
- ■ Track which traffic source brings buyers, and double down on it next week.
- ■ Decide whether the OTO 1 video upgrade fits your buyers before you promote it.
